LOW FLUID EXPOSURE

# Spirit Medical isolation gown
## for basic medical care

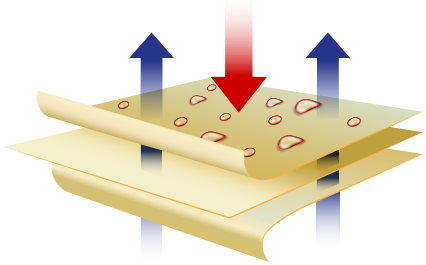
Our isolation gowns provide protection and remain both breathable and comfortable for the duration of use. The ergonomic design allows for conformability, comfort, and freedom of movement.

We recommended our isolation gowns for basic medical care and patient transfer/transportation. Isolation gowns are available in non-sterile form only.

## KEY FEATURES

- Provides suitable protection when the risk of fluid exposure is low
- Strong, soft SMS gown material.
- Lightweight, breathable, and anti-static for maximum comfort.
- Standard fit design provides comfort and protection for all users.
- Non sterile, latex free surgical gown.
- Single use.

## LEVEL OF PROTECTION & COMFORT



Protection 2/5

Comfort 3/5
