LOW TO MODERATE FLUID EXPOSURE

Spirit Medical surgical gown
for standard protection

Spirit Medical standard gowns provide protection and remain both breathable and comfortable for the duration of use. Our ergonomic design allows for conformability, comfort, and freedom of movement.

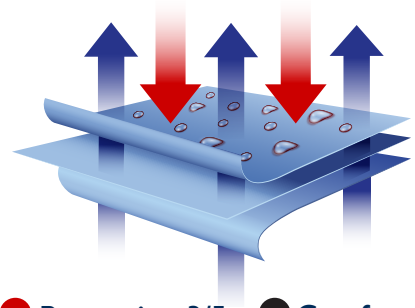
We recommend Spirit Medical standard protection surgical gowns for low to moderate fluid exposure procedures.

KEY FEATURES

- Strong and lightweight SMS material delivers protection and security from low to moderate fluid exposure.
- Effective particulate and bacterial barrier.
- Ultrasonically sealed sleeve seams for additional security.
- Breathable, anti-static fabric.
- Sterile, latex free surgical gown.

All Spirit Medical surgical gowns meet or exceed the performance requirements of EN 13795 standards.

LEVEL OF PROTECTION & COMFORT



Protection 3/5

Comfort 4/5
